Florida Positive Behavioral Interventions & Supports Project
A Multi-Tiered System of Supports

Home - About - Foundations - Coaching - Tiers - Other Topics - Online Learning - Contact

"PBIS has helped raise the morale of the student body. It's making a difference in our students' attendance, attitude and achievement."
(Baker County High School, Baker County, 2017 Bronze Model School)

Maximize positive outcomes for students.

Your vision for effective Multi-Tiered Support Systems (MTSS) requires practical strategies, targeted planning, and efficient tools. Working smarter requires a strong foundation, leadership, professional growth, and resources that make practice easier. The FLPBIS Project offers training and technical assistance, including evaluation resources, to develop systems that sustain a practical, positive and proactive PBIS framework.

About PBIS

FLPBIS Events

Today | Week | Month | Agenda

Friday, September 20

FLPBIS New Resources

August 26, 2024:
New Website Resources:

2024-2025 FLPBIS Evaluation Timeline

Website Tips

The “FLPBIS Resource Search” box includes a search feature that looks across all our online LiveBinders. If you know the title of the resource you are looking for, it will be included in the search results along with other resources that contain those words in their titles.

SEARCH TIPS:

We try to include **important keywords** in our file names. When you search, think about **the main idea the resource addresses** (reward, data, classroom, etc.).

Use complete words in your search instead of acronyms.

Avoid using numbers in your search (such as “Tier 1,” “Tier 2,” and “Tier 3”) because the system has a hard time distinguishing single numbers from number strings (e.g., “2019”).

Let us help! You can contact your TA provider or use the “[FLPBIS Project Contact Form](#)” on the website.
